## President's Message

Dear Fellow Alumni,

The South Philadelphia High School Alumni Executive Committee consists of a dedicated group of alumni volunteers who give their time and expertise to help the students and graduates of SPHS by providing scholarships, attending school events and getting involved in school activities. The Alumni Association has been in existence since 1910, since the first graduating class, and Southern has been sharing its' esteem alumni with the world and watching them shine in their successes. Even though the school has gone through many changes in its' over 100-year history, we have many students and alumni that are still making an impact throughout the country.

### Southern's History to be published in the spring of 2018:

Dr. Tony Evangelisto (Jan. 1958) has written a book entitled A History of South Philadelphia High School and its Stars; the writing is completed and final preparations are being made for publication in April. This publication is quite unique because it will be the only book to be published by Arcadia that presents the history of a public high school. This is a testimonial to the fact that Southern's reputation as "The School of the Stars" makes it a very special institution worthy of such attention. Tony regrets that so many individuals could not be included in this publication because of Arcadia's limitations, but he is still very happy to assure that our school's history will be published and be preserved for all time. When the book is printed, it will be sold by the Alumni Association for \$25 per copy, and all proceeds will go to the Alumni Association to support Southern's students and teachers. The books will also be on sale by Arcadia Press at Barnes & Noble, Walgreen's, and Ace Hardware stores across the United States. Pre-publication orders are available for anyone interested in reserving a copy in advance. To order copies at \$25 apiece, please make your check out to the SPHS History Book Fund, and mail it to Dr. Tony Evangelisto, 16 Hilton Court, Pennington, NJ, 08534. Be sure to provide your complete mailing address and e-mail address so that Tony will be able to acknowledge your order and mail you your autographed copies of the book as soon as it's available.

The inductees to the Hall of Fame this year are a testament to the scholars and athletes that have graduated from Southern. I hope you will join us in honoring them on April 29, 2018 at the IATSE Ballroom. We look forward to seeing you there. Become a lifetime member and help us keep the alumni association going strong. On behalf of the South Philadelphia High School Alumni Executive Committee we welcome you to join us in our goals.

Sincerely,

Joyce Garozzo, Class of 1970, President Alumni Executive Committee

## 2017 REPORTS FROM OUR COMMITTEE CHAIRPEOPLE 2018

**The Membership Committee** continues to request your support in locating other graduates who have slipped through the cracks and have not yet become Lifetime Members. When you interact with other Southern graduates, ask if they received this year's Newsletter. If not, encourage them to become a lifetime member for the one-time cost of just \$25.

**Lifetime (or Memorial) Memberships** make a great gift for the Southern graduate who has not yet become a Lifetime Member. Perhaps your mother, father, grandmother, grandfather, aunt, uncle, or other relative graduated from Southern. Surprise them on their birthday or anniversary with a gift of a lifetime - a Lifetime Membership. Lifetime Memberships may be conveniently purchased online at [www.sphsalumni.com](http://www.sphsalumni.com) (please specify in the Notes/Comments section if the membership is for a different person than the purchaser. Thank you.).

Remember, only Lifetime Members are eligible to receive a copy of his/her yearbook for the price of just \$15 (which includes shipping). We continue to work on digitizing yearbooks where we only have a Reference copy available, as most would prefer original hard copies if available. We will eventually digitize all yearbooks, even if hard copies are available.

Congratulations to the Classes of 1957, 1958, 1967, 1972, 1977, 1982, and 2007 who all had successful reunions in 2017. If your graduating class ends in "3" or "8", it is not too late to organize a committee and have your reunion in 2018. Of course, classes are free to have a reunion in a year which is not a multiple of 5 of their graduation year. We ask Class Reunion Coordinators to assist Membership by reminding and encouraging those on their Reunion lists who are not already lifetime members to join us. As always, we will publish your Reunion details on our website - - provided we are supplied with the information. We have noticed that a few reunions are in the planning stages on Facebook, however, no information has been given to the Alumni Association. We also post reunions that are in the planning stages so that classmates have point of contact.

As always we ask that you remember to let us know when you re-locate. If you live in an apartment, REMEMBER TO INCLUDE THE APT. NUMBER. The U.S. Postal Service will not deliver to an apartment, without an apartment number in the mailing label. In the past, we have received several Newsletters returned to us due to a lack of an apartment number..

## AWARD OF EXCELLENCE RECIPIENTS – 2017

November 8, 2017 Award of Excellence Luncheon composite picture: L to R: John Ferrara, Ben Ferrara, Charles Leuzzi (2017 graduate), Liz Olivieri, Herb Jung, Joann Custodio, and Gene Alessandrini (presenter).

**Benjamin Ferrara and John Ferrara, Class of 1986**, are twin brothers who own Twins Auto Body and Twins at Fox Chase Auto Body. They were official members of the South Philadelphia Chapter of Unico with 17 years of service. Unico is an Italian-American service organization whose original purposes were to engage in charitable works to support higher education, and to perform patriotic deeds. They helped to raise awareness of the chapter by building its membership and introducing new programs and events that raised in excess of a 1/4 million dollars for Unico recipients, which included Children's Hospital of Philadelphia, Sisters of the Poor, Gift of Life, and St. Christopher's Hospital. John and Benny founded their own organization, Founding Hearts Foundation of Philadelphia. Their Other Volunteer Work Includes Huddle Up for Autism, Speak and Learn, Toys for Tots, and Clothes for the Needy. They marshaled the Columbus Day Parade for 5 years. They were named two of the "Top 20 People Making a Difference in South Philly." John and Ben said, "We always feel as though all the money we raise, we want to give it back for research and different treatments that we can for the kids, because they deserve a fair chance at life. No matter what happens, they deserve a fair chance at life."

**Elizabeth "Liz" Juliano-Olivieri (Class of 1975)**, has served on the Executive Board of the Alumni Assoc for 32 years. Graduating from La Salle College, she embarked on a career in education. She took a detour from this career to become a commercial underwriter as an Account Executive Officer for The Travelers Ins Company for the past 35 years. She earned her professional "Chartered Property Casualty" designation which is a hallmark in the insurance industry.

Being the youngest of 5, she grew up with a desire to help others. Her loyalty spurred her to support her alma mater, volunteering her time to the Alumni Assoc in various ways. She obtained grants and a sponsorship for a past teacher to travel cross country in support of education.

Liz's sense of service extended to helping establish a charitable organization, 'Scouting For A Cure Foundation, Inc' with her brother in law in memory of her sister-in-law. Florinda Olivieri-George passed away at 44 years old after battling breast cancer. This inspired her husband, to establish this Org where Liz serves as secretary-treasury.

SPHS remained a constant in her life as she met her husband, Salvatore attending the Foreign Language Magnet Program and her studies lead to courtship and marriage to her instructor! They were married for 24 years before losing Salvatore to a prolonged illness. It is said that 'all roads lead home' and Liz's journey has brought her back to South Phila.

not far from her childhood home.

**Herb Jung** was the first Asian-American principal of Southern High when he served from 1989 till 1993. After graduating from Roman Catholic High School, he received his BA from LaSalle College and his MEd in school administration from Temple University. He was also the first Asian-American to be appointed as a vice principal in Philadelphia at a junior high school (Stetson). To assist Asian Americans in having better representation in the School District of Philadelphia, Herb founded the Asian American Educators Association, which still flourishes today. At Southern, one of Herb's goals was to revitalize the Language Magnet Program, which included increasing the study of the Italian language and culture. He worked enthusiastically on school security and the improvement of the music program. He coordinated with his department heads, including Tina Petrone (science) and Gene Alessandrini (mathematics) to improve the curriculum. The science department made great strides in teaching about environmental technology, and the mathematics department excelled in providing advanced courses in mathematics. A Drexel University- Southern High agreement allowed Southern juniors and seniors to take college calculus courses for credit if they later matriculated at Drexel. Under Mr. Jung, advanced placement testing in mathematics was greatly enhanced with many students earning college credit when they achieved high test results.

**Joann Custodio, (nee Abate), Class of 1971**, called South Philadelphia H.S. her second home for over 60% of her life. After graduating in 1971, she went on to attend Temple University where she earned her B.S. and M.Ed. degrees in Mathematics Education. She returned to student teach at Southern in early 1975, and then permanently joined the staff that September. Joann enjoyed a fulfilling career teaching mathematics and computer programming at SPHS until her retirement in 2009.

Joann met her soul mate Joe at Temple. They married forty years ago. Watching their children Jillian and Joseph become successful adults along with their loving mates Tom and Maggie, respectively, has been a source of unparalleled pride. Lucille - age 5, Elena - age 2¾, and baby Custodio - due March 2018, fill Grandmom's heart with tremendous joy!

Joann is honored and grateful to receive the SPHS Alumni Award of Excellence, and will always hold her alma mater in great esteem.
